

Cyclospora, Microsporidia Reagent

BD MAX™ system for Rapid Detection of Cyclospora & Microsporidia.

Enhance surveillance capabilities with our multiplex assay for food-borne parasites.

Outbreaks require swift public health interventions and precise clinical management. Traditional methods can be time-consuming and lack the sensitivity required for rapid diagnostic surveillance.

Advantages of BioGX Cyclospora, Microsporidia Reagent

- REF 450-023-Series
- Designed for sample-to-answer testing workflow on the BD MAX™ System
- Optimal for CLIA labs needing rapid turnaround with fewer resources
- Sample-Ready™ Lyophilized Reagents are stable at room temperature and provide robust performance
